## FROM THE PRINCIPAL'S OFFICE

### Spring Fair Thank You

On behalf of the staff and students of SHPS, I would like to thank the Spring Fair committee and all our wonderful parents, teachers and grandparents who worked tirelessly to make this year's Spring Fair such a success. I would also like to thank the many families who came along to support the school by spending their Saturday (and their money) at the fair. These special events bring our community together in the most remarkable way, and it was heart warming as a principal to see the school community work together for the good of all our students, both now and in the future. Well done SHPS community on an outstanding effort!

### School Administration Team Award

I would like to congratulate our school's office staff as recipients of the 2015 Ultimo Networks Principals' Awards for Botany Bay, Marrickville and Port Jackson Principals Networks. The work of the Administration Team at Summer Hill Public School is far reaching. They have contact with every single member of staff and over 800 students and their families. The amount of paperwork and general day to day business in a large and busy school is tremendous and growing constantly, yet they are always professional, caring and generous of their time and energy. They are valued for their willingness to always be available to staff, students and parents; for their ability to see jobs through to completion; for their attention to detail; for the level of care that they show members of the school community - students, parents and staff alike; and for their ability to support all levels of staff in so many ways makes them an invaluable part of the school community. Their positive attitude to their roles and responsibilities impacts the overall energy level and atmosphere of the school. They make people feel welcome. They allow the school community to feel supported and always answer questions and provide assistance even when they themselves are extremely busy. Without them many programs could not run. In terms of representing Public Education, they present a high level of both service and professionalism.

The award ceremony will be held on Thursday 12 November, and I am so very thrilled for the team to be acknowledged for all they do each day to make our school such a great place to work and learn. Well done Teresa, Eve, Carolyn, Sarah, Kathy, Kris and Janet.

### NRMA Science and Road Safety Day

On Monday 16th November, we will be hosting a special Road Safety Day at SHPS. The NRMA will be working with us to ensure our students are safe on the road, always. Road Safety has been a hot topic at school this year with all the positive changes we have made. As we host the NRMA Science & Road Safety Day here on Monday 16 November, let's make our school community safer by demonstrating good road safe behaviour. Parents, grandparents and carers are invited to come along and join us to watch the NRMA Science and Road Safety show.

**Sessions times are:** 9.20am Stage 3; 11.05am Stage 2; 12.00pm Early Stage 1; and 1.25pm Stage 1. Students are asked to bring their bike helmets on the day and will be shown how to fit them correctly.

## **Remembrance Day- The Pozières French--Australian School Project Gold Coin Donation Day, November 11th 2015**

Nearly a century ago, Victorian school children collected pennies to rebuild a school in a French village that Australian soldiers had liberated during World War I. This year a new generation of Australian school children will repeat that poignant gesture, which will always be remembered in France.

The Pozières School Project has received widespread media coverage across Australia and France, and our school will be a part of it. Schools who participate in raising funds for the Pozières French-Australian School Project will be listed on the plaque to be erected at the Pozières School. This will be unveiled on the 23rd of July 2017 as part of the opening ceremony. On Wednesday 11 November, all students are asked to bring a gold coin donation as our commitment to this special project. Thank you.

### **THE SCHOOL PROPOSAL**

At present the village has a one--room school located on the ground floor of the Mairie (Town Hall) and currently provides education facilities for around 30 students. Erected ninety years ago, it has seen better days. The building has old floors in poor condition and the teachers and children have almost no modern facilities, relying on blackboards and chalk. Even with a significant renovation, it is difficult to envisage the school having the capability to support the electrical upgrade needed to provide what we in Australia would consider necessary tools for the education of children.

The toilets for the school are located 50 metres away from the main building. Throughout winter, Pozières has extreme snow and wet conditions, so to be able to use the toilets, the children often had to walk through snow and ice to a cold, open and aging facility.

The proposal is to build a new school with seven classrooms, a teachers' common room, perhaps a small library, toilets and facilities and an assembly hall. French schools do not normally use assembly halls, but the assembly hall will be used as an area where the local children can interact with visiting children, which is an important cultural exchange aspect of this project.

It has been suggested each classroom represents a geographical region of Australia, for example, the Snowy or Far Northern

Rivers, the Riverina or the Western Australia. Unique timber from these areas would be used in various fittings and each particular area will be well represented through use of local décor. This provides a direct connection between the Pozières School and Australia, while allowing each Australian state to be accurately represented throughout the building construction. While it is hoped the school will be built with an Australian ---look, with the feel of rural Australia including a verandah, what is most important is that this school reflects a vision of Australia and the legacy for the ANZACs who died and rest there today. All Australian schools participating in the Pozières French---Australian Schools Project will be acknowledged with their school's name forever engraved on a plaque to be erected at the newly built Pozières School.

### **BYOD Parent and Student Surveys for Year 4 & 5,**

Summer Hill PS is investigating BYOD (Bring Your Own Device) for Stage 3 next year. We have devised a student survey and a parent survey which will inform our school about how best to cater for this project. The students will have received an email about this survey. They will need to access their DET email address through the DET portal and will need to click on the link. We ask that students access the survey at home. The parent survey link is below. Please take time to complete this survey at: <https://www.surveymonkey.com/r/KP2GTBV>

### **NSW Public Schools State Drama Festival**

The NSW Public Schools State Drama Festival was held at the Seymour Centre on 22 and 23 October. It was coordinated by the Arts Unit and was a 2 day event that showcased and celebrated the best drama works and performances from across NSW public schools and the NSW Public Schools Drama Ensembles. Hosted by Jay Laga'aia, Drama Ambassador, 82 schools showcased their students' talent in the shows. This year schools were also invited to attend pre matinee or post matinee workshops in circus, improvisation and character costume. The stage crew comprised VET students from Bossley Park High School and they also live-streamed the primary matinee with over 1000 people tuning in. The Arts Unit identifies student potential and provides opportunities to build knowledge, skills and understanding through programs that enhance learning at the school and beyond. Our school is very proud of Finbar Clayton, who participated in this event, for the effort, the focus, commitment and talent he displayed on stage. He represented our school at a state level with great integrity and skill.

## **NSWPSSA GIRLS STATE CRICKET**

Last week I went to Dubbo for the NSWPSSA girls cricket tournament. We drove down Sunday and I played on Monday. I really liked it because it was the first time I had played in an all girls team. We played against teams representing Riverina and Sydney North. It was a really good experience and I hope I can go back next year.

## **NSWPSSA STATE CRICKET CARNIVAL AT BAROOGA**

Barooga is a small country town, which is little heard of. With a population of 1497 people, and being situated on the NSW-Victoria border, who would have thought that Barooga was the venue for the NSWPSSA Boys Cricket Carnival! Over the course of four days, from the 26<sup>th</sup> till the 29<sup>th</sup> of November, 14 teams representing different regions in NSW, competed in this intense, yet enjoyable cricket carnival.

Being part of the Sydney East team was amazing. Every team played 4 matches containing 50 overs each innings, just like a proper one-day international match. The competition was played on well-maintained turf wickets, which was a steep learning curve for me. The cricket was played at a very high standard, and my team bagged three wins and narrowly lost one. I took pride opening the bowling, and managed to take wickets almost every game whilst being economical.

We were victorious in the first match by only one run, after our captain dismissed the batsman on the last ball of the game. It was a nail-biting match, and we cherished our triumph. However, fate and destiny was with our opponents the next day, despite my team fighting till the very end. We were only five runs short of completing a superb comeback, yet the game was over after I got clean bowled. The fierce drive to do well after an ever so close loss, resulted in two comprehensive wins over the next two days.

Every day once arriving at the motel after the game, the team would jump in the swimming pool and play mini-golf. It was a great team bonding exercise!

I was delighted to find out that our team had been ranked 4<sup>th</sup> in the carnival.

Overall, I think the experience of playing on turf wickets whilst being exposed to country lifestyle, building self-esteem and character and playing entertaining cricket was priceless, and I will cherish these memories forever.

I thank Mr Otto and all the others that have helped make this journey smooth and memorable.

That's stumps for now!

## YEAR 6 DRAMA EXCURSION "SUITCASE STORIES"

*True Life Experiences of Refugees*  
At the Seymour Theatre Centre, Thursday 5 November

Year 6 went to watch Suitcase Stories, true stories of refugees made by the students at Treehouse Theatre. The show was very informative, with simple, beautiful ways of telling both tragic, and hilarious stories of each person who acted. The language they used got the audience laughing and crying along. I liked the parts when a young man had a dream after watching a horror movie of zombies that took his expensive and precious shirt, and sacrificed his brother to get his shirt back. - Lena E- 6GB

Many talented students go to Summer Hill PS, but only learning English for less than a year, the refugees from Suitcase Stories at the Seymour Centre really showed us what they could do. Dancers, actors, and singers with multiple stories to tell, miserable and celebratory. Every single person in the audience definitely had enjoyed the performance in some way, and I doubt this is false. One of the stories that stood out for me was the one where a refugee's home village was bombed and many of his relatives and friends had died or been injured. Currently, he lives a great life in Australia: no war, no racism, and an outstanding education. We all should not take this for granted, as majority of us do. - Aimee P- 6SH

Last week Year 6 went to the Seymour centre to see a performance about refugees' stories. Some of the plays were funny, and others were sad. The show was put together really nicely and it took around 4-6 months to produce. Lot so people came out with their stories that they have never shared before and it was quite heart warming. Lots of Summer Hill students really enjoyed it and some students even got emotional. It was overall an amazing performance and a great experience. - Lucy and Kristabella 6SP

Last Thursday, the five Year 6 classes (6GB, 6SH, 6AW, 6SP, 6BN) went to the Seymour Centre to watch a play called "Suitcase Stories" by Treehouse Theatres. This play was put on by refugees from war-torn countries such as Syria, Iraq and Iran. Aged from 12 to 20, these people went through so much horror in their lives, that no one should have to go through. These people now go to Evans High School and the IEC, and their English is remarkable, as some have only been learning it for less than six months. They also showed great promise in their acting. Altogether, the play was a rollercoaster of tears and laughter, and shows how lucky we are to live in a country like Australia. - Sidharth K- 6AW

Last week Year 6 was taken on an excursion to the Seymour Centre, we were given the chance to experience the stories of young adults who had to leave their countries as refugees in hope of starting a new life elsewhere. The whole of the audience much appreciated these stories, which touched our hearts and brought us to tears. Many people in our extremely fortunate country will

never experience anything near what these children have in their childhood. - Alfred T- 6GB

Last week we went to the Seymour centre to watch Suitcase Stories, and I have to say, it was amazing. I thought that is was a great idea to give refugees a life, since their previous one wasn't as good. The show itself was great and I really enjoyed, since I was so close to the action. The skits were great. There were multiple stories, that went on for 90 minutes, and I knew that it made us all feel touched and greatly relieved that all the refugees now felt special and unique here in Australia. - June L 6SH

## UNIFORM SHOP MANAGER - POSITION VACANT

We are currently seeking a new mum or dad from the school, to be employed by Pickles Schoolwear, to manage the running of the on campus uniform shop at Summer Hill Public School.

The opening hours are Tuesday 8.30 - 9:30am and Friday 2:30-3:30pm every week. We are also looking at including a shift at a local high school, which opens Monday 1-2pm. During the busier times of the year these hours are generally longer, plus there are times outside of these hours you'd be assisting any new families starting.

In addition to this throughout the year there would be extra hours in stocktaking and helping with School Orientation Days.

Good computing skills are required. You would be trained on our POS system. Duties include serving customers, processing orders, delivering orders to classrooms.

This is a fantastic way to assist your school and get to know the school community further - all while enjoying a fantastic job & being paid!

If you are interested in casual work of this nature, please email your resume to Lou Barnard @ [louise.pickles@bigpond.com](mailto:louise.pickles@bigpond.com).
