HAPPY MOTHERS’ DAY

The staff would like to wish all our wonderful mothers and grandmothers a happy Mothers’ Day on Sunday 10 May. We look forward to seeing you at the special Mother’s Day Breakfast on Friday 8 May.

Kindergarten Parent Home Reading Workshop

On Monday 4 May, Kindergarten parents are invited to the Library at 8.30am to participate in a special session to provide them with strategies to support their child at home with Home Reading. This workshop was postponed last week due to the weather. I apologise for any inconvenience this may have caused.

Traffic Changes

I would like to acknowledge the amazing support and patience that the school has received from our parents and wider school community in relation to the changes to the parking and traffic system. The P&C have committed to ensuring that parents will be advised about these changes and are in the process of developing a map and brochure to provide this important information. They are also printing banners to be placed on the school fence. The parent volunteers who are assisting in the mornings and afternoons to clarify the new parking areas have been invaluable and are greatly appreciated. Well done Summer Hill parents!

NAPLAN

The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual assessment for students in Years 3, 5, 7 and 9. It has been an everyday part of the school calendar since 2008. NAPLAN tests the sorts of skills that are essential for every child to progress through school and life, such as reading, writing, spelling and numeracy. The assessments are undertaken nationwide, every year, in the second full week in May. This year NAPLAN will be held on 12-14 May, 2015.

NAPLAN is made up of tests in the four areas (or ‘domains’) of:

- Reading,
- Writing,
- Language Conventions (spelling, grammar and punctuation),
- Numeracy.

NAPLAN tests skills in literacy and numeracy that are developed over time through the school curriculum. In NSW, NAPLAN is administered by the Board of Studies.

How can I help my child prepare for the tests?

NAPLAN assesses literacy and numeracy skills that students have already been learning through the school curriculum. Teachers will ensure students are familiar with the test formats and will provide appropriate support and guidance. If you have any questions about your child’s preparation for NAPLAN, you should make a time to speak with their teacher.

The best way you can help your child prepare for NAPLAN is to reassure your child that NAPLAN tests are just one part of their school program, and to urge them to simply do the best they can on the day.

The Protectors
On Monday, children in years K-2 enjoyed an educational theatre that addressed anti-bullying in schools and provided support and confidence for vulnerable children.

The Protectors’ reinforced resilience and provided resources to help reduce the incidences of bullying at school and online. It encouraged resilience, assertiveness and empathy. 'The Protectors' has been researched and developed in association with teachers and students. It offers concrete solutions and tips that children can practice to protect themselves from hurtful comments and negative behaviours they may encounter in the playground.

Clear instructions on internet safety were delivered in a fun, memorable way. Children were able to empathise and appreciate the devastating consequences of cyber bullying. '

The Protectors’ unlocks the secrets of body language and gives 'Protector Tools' to curb aggressive behaviour. Support material and further information can be found on “Brainstorm Productions” website.

Tails from the Past—Addison Road Community Centre Marrickville
Join in to honour the incredible horses who played an often forgotten role in our nation’s ANZAC history. Be transported back to a bygone era when horses were part of daily life at Addison Road Community Centre (former Army Barracks) on Saturday 2 May from 10am-3pm. The Australian Light Horse Assoc. will perform a concise re-enactment at 11am. Dress up in period costume finery. There will be a WW1 era fete selling antiques and goods from the time. There will also be old fashioned fun and games, music, competitions, demonstrations, historical talks and much more.
ANZAC DAY ASSEMBLY

On Thursday 23 April, Finbar Clayton and Louis Wyeth accompanied me to the Canterbury-Hurlstone Park RSL ANZAC Local Heroes Schools Project presentation. Along with other Year 6 students, their teacher Mr Williams and 6AW researched our local heroes who fought in WW1. Their presentation was selected to be entered in the project and was shown at our recent ANZAC assembly. Their research was on Syd Duchesne. William Sydney Duchesne was born on May 25 1894 to Edwin James and Edith Rachael Duchesne. He spent his childhood at 55 Smith St, Summer Hill. After attending Fort Street Model School, Syd joined the permanent army and underwent training with the 39 Militia Battalion where he served as 2nd Lieutenant. Syd’s unit sailed in a convoy from Sydney to Egypt on September 3, 1914. Once in Egypt, training was hard in difficult, hot conditions. The Australian soldiers carried out daily training exercises from 7.30am to 4.30pm. During this time, Syd wrote letters to his family. Syd was on an adventure. And he was a long way from Summer Hill. The evening before the landing at Gallipoli was spent in happy and confident relaxation. General Birdwood addressed the unit reminding them that, “the world is watching to see what you can do…” He gave his assurance of their success in the coming campaign. Three days rations and three-hundred rounds of ammunition were distributed to each soldier and they went to bed at 10pm. Starting at 11.00am Syd, with other Australian troops, landed on the beach and immediately attacked the heights. The fighting with the Turkish soldiers was ferocious. Syd and his men reached a hill referred to as “Baby 700”. Five times the hill was taken and five times the Australians were pushed back again. It was during this battle for this hill that Syd was fatally wounded. The hill which he fought for and died to win, remained with the Turks for the rest of the campaign. Syd was killed at the age of twenty, one month before his twenty-first birthday on 25 April, 1915. Soldiers in his battalion wrote letters to his parents describing Syd’s bravery as he led the charge up the hill. We remember the Australian and New Zealand service men and women who gave their lives one hundred years ago. We must also remember that in many ways their lives were similar to ours today. They were local people from our community who made the ultimate sacrifice.

Dearest Mother and Father,

Night Falls and the gunshots are high.
Illuminating the scene and the sky.
Hundreds have fallen.
Yet hundreds keep fighting.
For their dying country.
The stakes are high.
We follow many orders.
Although there are many mourners.
We have to stay brave.

With all my heart and love, your loving son,
---Freddy.

Letter from the Warfront by Lucinda 4DG

Dear Ma’am,

There are loads of patients just lying in the medical tent, their faces pulling poor expressions as if the light is being sucked out of them.

I feel sorry for the soldiers who had no chance of survival, just waiting for their heads to fall back and their eyes to shut up.

People are getting and I can see distant black explosions. Life is so hard. I hope that the thought of being in a tiny cottage in a lovely street seems like a happy hotel.

Lots of love from Lucinda XDXOXO

---Freddy

NATIONAL YOUNG LEADERS DAY

The National Young Leaders Day is a day where Primary student leaders get to listen to inspirational speakers who give them tips about how to become better leaders. Last term Ms Williams took all of the SHPS student leadership team to take part in this event at Darling Harbour. It was a great day with many famous people speaking including: Mike Martin, Mike Baird, Bindi Irwin, Rachel Leahcar, James Norton and Dylan Parker. We’re certain that all of us have benefited from this amazing experience.

We would like to share with you now what the take home messages were for leaders and want-to-be –leaders of ANY age group.

Mike Martin
Mike Martin has been in a leadership position with the Halogen Foundation since 2004. This foundation was set up to inspire and influence younger people to “lead themselves and others well”. It is this foundation that organises the Leadership day for school aged students every year. He strongly believes in stories and Science and he says that they are connected to each other, and he stated that we can use them to our benefits. He tried to say that we were like ‘stem cells’ and that we can become whatever we aspire to be. He inspired us to connect, despite the fact that we may all be extremely different.

Mike Baird
Mike Baird is currently the Premier of NSW. He stated that you can ‘achieve much more than you think you can.’ He said that to be a leader you need to have courage, and need to try to bring the best out of every person. Everyone has potential, and leaders need to help people realise that. He strongly emphasised that leadership starts NOW and you can be a leader at any age.

Bindi Irwin
Bindi Irwin follows in her father’s footsteps and she is a leader that inspires many people to do what they love. She is VERY passionate about taking care of our environment and preserving our amazing animals for future generations. The more work you do on something, the more passionate you become about it. She believes that knowing what’s right doesn’t mean much if you don’t DO what’s right and that you have to follow your passion to change the world. You have to be surrounded by love and light to be a great leader in your own special way. You have to be 110% heart involved in everything that you do and you will succeed. You don’t have to be amazing to do something amazing.

Rachel Leahcar
Rachel Leahcar has unfortunately been blind all her life but it doesn’t stop her from powering on which shows she has the qualities of a true leader. She got bullied a lot when she was young but she said it never affected her because she’s a strong willed girl with a lot of passion! Her message was everyone can be a leader and every leader will get criticized at one point so just look on the bright side of things! Make your weakness into strengths!

Rachel leachar is a great role model. Rachel has a dog called Ella who is her guide dog and also her friend and companion. A few years ago, Rachel Leachar tried out for Australia’s got talent. And no, she didn’t get in. However six months later, she came third in the Voice! if someone puts her down, she will just try harder and harder until she finally succeeds. She is one of the greatest role models I know, and she will never give up, no matter what.
James Norton and Dylan Parker

The last speakers were James Norton and Dylan Parker who inspired the movie Paper Planes. They are ‘pro’ at making paper planes and inspiring leaders to follow their passion along the way. An amazing thing they did was to make five thousand paper planes for the movie! The cool thing about their whole journey to get to the point of being responsible for influencing and helping on the set for a movie is that they followed their passion. It takes a lot of passion to make five thousand paper planes! All this leads to one message; follow your dream no matter what gets in your way, even if you get teased along the way like the paper plane guys did.

Look what they became! It’s amazing what can happen if you stay as your unique self. You may indeed achieve marvellous things as

Here are our final take home messages as leaders who have been influenced by other leaders.....

We hope if you happen to catch any of these planes we are about to throw at you that you will also take home the message they contain and spread the word. Before we throw them we also want to let you know that there will be an opportunity later this term to join us in a paper plane competition to raise funds AND to raise awareness about how important it is to follow your passion and include fun in your life.

Michael: Connect with one another… even if we are extremely different!
Rohan: You can achieve much more than you think you can.
Mia: You have to have passion
Emily: You have to learn about your passion
Violet: You have to be willing to do more about it
Sascha: make your weakness into strengths
Kristabella: if someone puts you down, just try harder!
All girls: You don’t have to be amazing to do something amazing!
Matt: You are you, Don’t change that! J
Seb: You are unique, no matter what! J
Luca: Follow your passion! J

CONGRATULATIONS FINBAR! Finbar C 6AW has been offered a place in the 2015 NSW Public Schools Primary Drama Ensemble program.

The Arts Unit Drama program provides excellent training and a number of performance experiences for students, which will further enhance their performance skills. Many of the students remain in the program for years. The high level of training supports them throughout their time at school and some past students have gone on to gain excellent results in their HSC Drama Examinations. A number of students have also successfully auditioned for places in Drama Performance courses both in Australia and overseas.

CRUNCH & SIP

Kids love watermelon because it is sweet and juicy. Pack a container of chunks with a fork or spoon for your child to eat during Crunch&Sip. A melon medley of different types and colours can be fun and appealing too.

Carrots can be one of the easiest vegetable options for Crunch&Sip. Kids generally love them, they can last for a while in your refrigerator and are easy to prepare. Smaller carrots tend to be sweeter. Give them a wash or scrub and pack whole or cut into sticks.

CHESS NEWS

Congratulations to the 40 students who have made SHPS chess team. Please have a look at your child’s team (see attachment) and then go to http://www.nswjcl.org.au/Schools/2015/Primary/DrawAndResults/InnerWest.htm to see the draw of games. A driving roster will be sent out to parents soon.

TRAFFIC CHANGES AROUND OUR SCHOOL

PICK-UP AREAS – USE THEM WISELY!

Look out for our drop-off and pick-up areas on Moonbie Street and Junction Road clearly designated by new No Parking signage and our school fence banners. These areas provide a safe place for you to deliver and collect your children.

But we need your help. These areas will only work effectively if we as a community observe the street signs, obey the road rules and to do our bit to do the right thing.

If you are unsure, please speak to one of our volunteer Marshals or visit our website for more information.

Drive the block! Anticlockwise all the way…

(include mini diagram/map/line drawing with school, Moonbie, Junction, Herbert, Henson and circulation direction)

- If your child isn’t where they should be at pick-up, don’t hover. Take a few extra minutes to go around the block.
- By circulating around the school anti-clockwise, you’ll help keep traffic flowing freely.
- Don’t park or leave your vehicle to look for your child. This is a major issue – not only is it illegal, but it blocks traffic flow in drop-off and pick-up areas.

The rules

- Please use the right area for your child:
  * Moonbie Street for K to 3
  * Junction Road for 4 to 6
  * If your children span across both drop-off and pick-up areas, the area for the youngest child should be used.

- Stay with your vehicle at all times. In fact, you must remain within three metres.

- You have only TWO MINUTES in school drop-off and pick-up areas before you need to move on. That’s the law.

- Always give way to pedestrians.

- Do not stop, drop-off or pick-up on or across the Children’s Crossing.

Make a plan with your child

- Agree a safe waiting spot for your child.

- Consider your child’s class location – if they are coming from the other side of the school, perhaps agree to meet them a few minutes after the bell to allow them enough time to walk to your agreed pick-up spot.

Safety tips

- Children should get in and out of the car on the kerb side of the road or ‘safety door’.

- NEVER, EVER double park at a drop-off or pick up-area.

- NEVER call children across the road – meet your children on the school side of the road.

- It only takes a few extra minutes to circulate around, or to park your vehicle legally, even if it means walking further away from school.
Choose safety over convenience
Parking and zones – the rules explained

No stopping
What does it mean?
NO STOPPING means no stopping for any reason.

Why is it there?
To keep sight lines clear for drivers AND children so both have more time to avoid collisions.

No parking
What does it mean?
You can stop in a NO PARKING zone for a maximum of two minutes to drop-off and pick-up passengers. You must stay within three metres of your vehicle at all times.

Why is it there?
To provide a safe place for older children to be set down and picked up without endangering other children.

Bus zone
What does it mean?
Don’t stop or park in a BUS ZONE unless you are driving a bus.

Why is it there?
Bus zones provide a safe place for large buses to set down and pick up passengers.

Double parking
NEVER stop on the road adjacent to another vehicle at any time, even to drop-off or pick-up passengers.

This extremely dangerous practice can cause children to run in front of moving vehicles. It forces other cars to go around you, causing traffic congestion and reduces the view of drivers and children crossing the road.

Footpaths and nature strips
You may not stop on a footpath or nature strip for any reason. These actions could lead to you running over a child or forcing pedestrians onto the road to get around you.

IMPORTANT!
Children should ALWAYS get in and out of the car on the kerb side of the road or ‘safety door’.

Intersections
You must not stop within 10 metres of an un-signalised intersection. This is to ensure a clear view of vehicles and children crossing the road at the intersection.

Children’s crossings
You must slow down and halt before the white stop line and remain stationary until the crossing is completely clear. Never stop, turn or park on a Children’s Crossing.

IMPORTANT!
This is NOT a zebra crossing. Children need to STOP! LOOK! LISTEN! THINK! before stepping onto the crossing.

The Mother's Day Classic – 10 May 2015

Parramatta Park or The Domain

Get ready to celebrate a classic Mother's Day!

Registration opened in December 2014 for Australia’s biggest breast cancer research event, the annual Women in Super Mother’s Day Classic.

Every Mother’s Day for the past 17 years, Australians have walked or run to fund research and honour those who have been diagnosed with breast cancer.

At the 2014 Mother’s Day Classic more than 135,000 participants in 97 events around the nation and on overseas military bases raised $4.5 million, bringing the overall total raised to $24.3 million.

This year’s event is being held on Sunday 10 May 2015, and is open to all ages and fitness levels, so there is something for everyone, whether you want to participate or simply come along and support.

More than a quarter of a million people have participated in past Mother’s Day Classic events, and you can too this year by registering at www.mothersdayclassic.com.au

The Mother's Day Classic was established in 1998 by Women in Super.

Women in Super continue to organise the event. Since Women in Super initiated the event in 1998, survival rates for women diagnosed with breast cancer have increased to 85%.

ME Bank has proudly supported the Mother's Day Classic as the major sponsor since 2005.
